Top Tier Healthcare Training Center

Mission Statement

Our mission is to empower healthcare professionals by providing quality training, enabling them to deliver compassionate, patient-centered care and make a meaningful impact in the lives of individuals and communities.

ADA Policy

Top Tier Healthcare Training Center LLC (TTHCTC) is committed to equal opportunity in all aspects of employment and student enrollment for qualified individuals with a disability. In accordance with the Americans with Disabilities Act (ADA) and state and federal law it is Top Tier Healthcare Training Center's policy to provide reasonable accommodations in employment and student enrollment to qualified individuals with disabilities unless the accommodation would impose an undue hardship on the operation of Top Tier Healthcare Training Center or would change the essential functions of the position. Retaliation against an individual with a disability for utilizing this policy is prohibited.

Special Assistance Policy

If at any point a student requests special needs assistance, the student will be required to provide supporting documentation from a physician, educational institution and/or Federal or State agency. Special needs may include reading/writing, hearing, speech or physical handicap. Appropriate accommodations will be made to assist the student to achieve success in their program. However, the student must still be evaluated on all competencies and skills as all other students. Proper documentation must be provided, regarding Section 504 of the Rehabilitation Act of 1973.

Non-Discrimination Policy

Top Tier Healthcare Training Center admits students of any race, color, religion, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at Top Tier Healthcare Training Center. It does not discriminate on the basis of race, color, ethnicity, nationality, religion, creed, sex, gender identity, sexual orientation, marital status, veteran status, disability, or any other protected characteristic under applicable law in administration of its educational policies, admissions policies, and other school administered programs.

Our commitment to equal opportunity for the students encompasses:

1. The student's right to a quality education
2. The student's right to a fair academic and clinical evaluation of performance
3. The student's right to participate in course and faculty evaluations.
4. The student's right to appeal a dismissal from your chosen program
5. The student's right to know that their student records will not be discussed with another party including other students, their spouse(s), parents, or other family members without consent.
6. The student's right to confidentiality of information concerning grades and performance. This is mandated by the **Family Education Rights and Privacy Act Policy (FERPA)** which protects the privacy of the student education records.

Sexual Harassment Policy

Top Tier Healthcare Training Center is committed to providing a safe environment for all its employees/students free from discrimination on any grounds and from harassment at work including sexual harassment. Top Tier Healthcare Training Center will operate a zero-tolerance policy for any form of sexual harassment in the workplace, treat all incidents seriously and promptly investigate all allegations of sexual harassment. Any person found to have sexually harassed another will face disciplinary action, up to and including dismissal from program. All complaints of sexual harassment will be taken seriously.

Top Tier Healthcare Training Center

Drug and Alcohol Awareness Policy

Drug Free Schools and Communities Act: The Drug Free Schools and Communities Act Amendment of 1989 (Public Law 101-226) requires Top Tier Healthcare Training Center to enforce and inform students of standards of conduct which clearly prohibit the unlawful possession, use, or distribution of drugs and alcohol by students on School property or during Top Tier Healthcare Training Center sponsored clinical activities. Students will be automatically dismissed from Top Tier Healthcare Training Center due to any violation of the Drug Free Schools and Communities Act. Any student who is suspected of abusing alcohol or street drugs during their educational process will be required to undergo immediate testing at their expense. Students may not be permitted to progress with their program until the proper results are reviewed by Top Tier Healthcare Training Center.

Transfer Credits

No credit from previous educations will be accepted for transfer as required by the State regulated program policies. All students must complete all required class, lab, and clinical training regardless of other education and experience.

Admissions

Students may enroll for their course through the online enrollment form or in person using the paper application. Assistance by office staff is available in person or over the phone. Once submitted, students must coordinate with the administrative director or staff designated for admissions including confirming dates of training. Seats are reserved on a first come first serve basis for students who complete their enrollment process which includes submitting the following 14 business days prior to the first day of class:

1. Provide a valid driver's license or State ID
2. Complete admissions application
3. Sign and submit last page of this student handbook
4. Provide funding for their course including non-refundable registration fee
5. Provide clear TB test or chest X-ray (within the last year)

Clinicals

Students are required to complete the core curriculum class and lab studies prior to student involvement with clinicals at the designated long term care facility. During clinical practice students are expected to maintain professionalism, abide by HIPAA laws, respect and serve those being cared for. Any misconduct by the student may result in failure of clinical practice resulting in failing the program. All students must submit the following for clinicals 14 business days prior the first day of class:

Top Tier Healthcare Training Center requirements

1. Negative 1 step TB results (within the last year)
2. Pass ICHAT background check- school will provide.
3. Sign HIPPA compliance agreement prior to start of clinicals

Students understand that clinical sites may have their own requirements regarding required vaccinations which may include:

- HepB vaccine, or student has been informed of and advised to be so vaccinated but has refused;
- Evidence of two MMR vaccinations according to CDC guidelines or Rubella Titer, Rubeola Titer, and Mumps Titer with a positive result or, if negative result, two Mumps, Measles, and one Rubella (MMR) vaccinations;
- Positive Varicella Titer or two Varicella vaccines
- Annual influenza vaccine
- Record of one dose of Adacel (Tdap) within past 10 years
- Record of recent negative Covid Test (accepted test may vary)
- Record of Covid-19 Vaccination

Students must fulfill clinical site vaccination requirements prior to the start of clinicals and will be informed of these requirements during registration.

Top Tier Healthcare Training Center

TUITION, FEES, AND FINANCIAL AID

Tuition: Certified Nursing Assistant Program (Includes Books)	\$1,800.00
---	------------

Program Requirements

- Must be 18 years of age
- Available to attend all classes (Mandatory attendance)
- Must have access to reliable internet and a laptop, desktop, or tablet for online portion of program
(Wi-Fi/connectivity issues will not be accepted as an excuse for absences/tardies)

Admissions requirements

- Complete enrollment form online or in-person
- Must pass background check (completed by TTHCTC and included in registration fee)
- Obtain TB skin test (must be negative and taken within 1 year)
- Pay deposit \$250.00 (non-refundable)
- Balance due before graduation. Student will not receive certificate of completion until they have paid their balance in full.
- Must present with a valid state ID or Driver's license.
- Present any other vacation requirements as directed by clinical site.
- Must be able to read and write English

TUITION MUST BE PAID IN FULL BEFORE THE LAST DAY OF CLASS. A STUDENT WILL NOT BE ELIGIBLE TO GRADUATE WITH A BALANCE.

Cost not included in tuition

- TB Skin Test

Forms of payment accepted (NO CASH ACCEPTED)

- VISA
- MC
- AMEX
- Discover
- Certified funds
- Michigan Works Voucher
- Employer paid partnership program
- Additional funding sources may be discussed on a case-by-case basis with administrative director

Materials provided by Top Tier Healthcare Training Center

- One set of Khaki Scrubs
- Textbook and Workbook
- Gait Belt
- Tablet or Chromebook
- 1 Year of NAHCA membership
- State Exam Fee

Teaching Methods:

Top Tier Healthcare Training Center LLC will utilize a variety of teaching methods for this program. This includes didactic teaching, lecture, videos, discussion, individual/group projects, case studies, role playing, hands-on skills simulations, lab practice, and clinical hours. Student participation is **mandatory** in all aspects of learning.

Top Tier Healthcare Training Center

Program Hours:

The State of Michigan Mandates all program hours. The CNA program currently runs for 2 ½ weeks Monday-Friday 8am-3:00pm with a ½ hour lunch for the first 2 weeks. 7:00am-3:30pm the first 2 days of the 3rd week during clinicals. The last day of the class is scheduled 8am-12pm. This schedule is subject to change, and students will be made aware of any schedule changes. Please review the attendance policy which further outlines students' attendance requirements.

Day Class: 2 ½ Weeks

1st Week:

Monday-Friday 8:00am-3:00pm (7 with 30 min lunch) Online Lecture

Total Hours: 32.5 Hours

2nd Week:

Monday-Friday 8:00am-3:00pm (7 with 30 min lunch) In-Person Labs

Total Hours: 32.5

3rd Week:

Monday & Tuesday : 7:00am-3:30pm (8.5 with 30 minute lunch) On site clinicals*

Wednesday: 8:00am-12pm (4 In person test prep and lecture)

Total Hours: 20

Total program hours: 85

***Clinical hours/days subject to change based on facility availability**

Upon successful completion of the program, you will be eligible to take the State Exam administered by Headmaster

Top Tier Healthcare Training Center

Background Check

Convictions on prospective student's background checks will be reviewed before admittance of any individual to the CNA Program is made. Healthcare professionals, under the authority of their state licensure, have unsupervised, intimate, physical and emotional contact with patients at a time of maximum physical and emotional vulnerability, as well as unsupervised access to a patient's personal property. These patients may be unable to defend or protect themselves, voice objections to particular actions, or provide accurate accounts of events at a later time. Healthcare professionals, therefore, are placed in a position of the highest public trust. Students are required to meet the background check restrictions as found in Public Health Code Act 368 Section 333.20173a. Detailed restrictions may be found at:

[http://www.legislature.mi.gov/\(S\(1wuzeh2jicpyva54aahnjhqg\)\)/mileg.aspx?page=GetObject&objectname=mcl-33320173a](http://www.legislature.mi.gov/(S(1wuzeh2jicpyva54aahnjhqg))/mileg.aspx?page=GetObject&objectname=mcl-33320173a)

These requirements are required for student access to the clinical portion of the CNA training. Top Tier Healthcare Training Center submits background checks through the State of Michigan's INTERNET CRIMINAL HISTORY ACCESS TOOL. There are multiple background check resources employers may run in considering an individual for hire and their evaluation may differ based on their organization's policies and procedures. The background check administered by TTHCTC is strictly for determining a student's clinical acceptance for their desired course. If a student has concerns that something on their personal record may hinder their career in this field of work they should inform the Administrative Director of their history and what they believe may show on their criminal record whether in or out of Michigan jurisdiction.

Refund Policy

1. The tuition and fees paid by the applicant shall be refunded if the applicant is rejected by Top Tier Healthcare Training Center before enrollment. A registration fee of not more than \$250.00 may be retained by Top Tier Healthcare Training Center if the application is denied. All refunds shall be returned within 30 business days to the address on file.
2. All tuition and fees paid by the applicant (less the \$250.00 non-refundable registration fee) shall be refunded if requested in writing within 3 business days after signing a contract with the Top Tier Healthcare Training Center LLC. All refunds shall be returned within 30 business days.
3. The following policy becomes effective after 3 business days of the student signing the enrollment agreement. After 3 business days of signing the enrollment contract, there are **NO REFUNDS**.

If you receive any scholarships or financial help from any agency or paid out of pocket once you signed your application with this school, you have 3 business days to cancel your enrollment, after the three business days **THERE IS NO REFUND**. You may apply your funds to a different open session **ONCE if school is provided at least 7 business days notice after signing enrollment agreement. A refund will not be given once class has started. If the student fails to fulfill requirements as stated under the Attendance Policy or any policies outlined in the Student Policy Handbook, there will be no refunds of any tuition fees, including registration fee.**

4. The payment of the deposit will initiate the start date for the refund policy for a student's account. This means that regardless of payment structure or subsequent payment as part of a payment arrangement, the deposit initiates the start date for refund policy timelines.

Top Tier Healthcare Training Center

Attendance Policy

Attendance is mandatory during the full duration of the CNA course.

Absence from class, for any reason, in no way lessens the student's responsibility to meet all requirements for the program. Due to State requirements for attendance for each program no days or times may be missed. Tardies (More than 5 minutes late at the start of class or from breaks) will be penalized as following:

- 1st Tardy: Verbal Warning
- 2nd Tardy: Written Warning
- 3rd: Withdrawn from program and will have to re-enroll in another program session at their expense

Unexcused absences will result in dismissal from the program. Any students receiving sponsorship will have their sponsors notified by TTHCTC

Excused Absences

Excused absences must be approved by School Administration. Students who must be absent for an excused reason including death in the family or documented illness will be removed from the program. They are allowed to start again in the next available session without financial penalty. This is at the discretion of administrative staff and class session availability.

Program Cancellation

Students will be notified in advance for any cancellations of the program classes due to low enrollment or if a qualified Instructor becomes unavailable or due to unsafe issues due to weather and other acts of nature. Students will receive a full refund as stated in the refund policy within 30 days or may apply their payments to an upcoming course.

School Closings

Top Tier Healthcare Training Center may be closed due to inclement weather and all students will be notified as soon as possible before the class begins and given instruction for a make-up day. It is important to note that in respect of the occupation, that class cancellations are rare and only in cases of severe weather emergencies. Cancellations are determined by the Instructor and do NOT reflect other local school closings. Students understand that makeup days for school closings may have to occur on weekends or evenings.

Holidays:

Top Tier Healthcare Training LLC does not observe all federally recognized holidays. If students have a lecture, lab or clinical day that falls on a holiday they must attend, unless they are made aware of a planned school closing and make up date.

Testing Policy

During all testing, students must close their books. Cell phones/Smart Watches MUST be turned off. No talking until everyone is finished. If students require assistance during testing, they may raise their hand and the instructor may assist them. Accommodations are made for those students who have special needs, proper documentation must be provided, regarding Section 504 of the Rehabilitation Act of 1973. Once students have turned in their tests, any unanswered questions will be marked as incorrect. Test results may not be available the same day test was issued in order to allow the instructor to evaluate, grade, and record your testing results accurately. Test retakes are not guaranteed and are at the discretion of administrative staff.

Cheating

Cheating is prohibited for any reason. Plagiarism is a form of cheating and is also prohibited. If a student is found cheating or plagiarizing, the student will receive a failing grade for the course. Plagiarism in some forms is an act punishable by law according to some Federal and State laws. The student may or may not face legal action. Looking at another student's test during a testing period may permit for immediate dismissal from the program.

Top Tier Healthcare Training Center

Grading System/Academic Performance

We believe in fostering a supportive and effective learning environment at Top Tier Healthcare Training Center, where the emphasis is on the acquisition of essential skills and knowledge rather than traditional letter grades. Our pass/fail grading system is designed to encourage collaboration, continuous improvement, and a focus on the practical application of nursing assistant skills. This approach allows students to concentrate on their learning journey, building confidence and competence without the added pressure of conventional grading scales. Our commitment is to graduate competent and compassionate nursing assistants who are well-prepared for the challenges of their future careers.

The following point structure will be utilized as part of the pass/fail point system for all didactic-related assignments, including quizzes, participation, and exams.

Course Point Breakdown:

Assignment:	Points:
Quizzes (5)	50
Exam	60
Participation	10

Total: 120

Participation: Student participation points are determined by active engagement in course discussions and completion of assigned activities. The allocation of points is at the discretion of the instructor, based on the assessment of whether the student contributed meaningfully to the didactic portions of the class and fulfilled assigned tasks satisfactorily.

Passing: Students must achieve at least 75 points or higher cumulative from all assignments above to receive a “P” or passing in their didactic portion.

Students will only be allowed to continue on to the laboratory and clinical portions of their program upon receiving a “P” in the above didactic related assignments (quizzes, participation, and exam).

In the event that a student demonstrates poor academic performance early in the program, they may be subject to an academic review. This review may involve discussions with the instructor or administrative staff to assess the situation and explore potential interventions to support the student's academic success. If a student fails they will be withdrawn from their program. They will be allowed to re-enroll right away into the next available course at their own expense. If a student wishes to re-enroll after a secondary academic failure their application will have to be reviewed by the administrative director prior to acceptance.

Lab Check-Offs:

Laboratory hands-on skills assessments in nursing assistant training are crucial for evaluating key aspects, including safety, infection control, and resident's rights. To earn a passing result in lab checkoffs, students must demonstrate strict adherence to these critical factors, among others. The lab checkoffs will be conducted at the clinical discretion of the instructor. A student must receive a “P” passing on all lab checkoffs prior to being able to participate in clinicals.

Top Tier Healthcare Training Center

Academic Failure

Student academic failure may result if student:

1. Violates the student Code of Conduct or
2. Violates HIPAA policy or
3. Fails to achieve the cumulative points required for a “P” (passing) for all assignments or
4. Does not satisfactorily demonstrate 100% of the required skills in lab and/or clinical or
5. Student who does not meet the attendance requirements.

Job Search Assistance

There are frequent openings in our region in the field students will be trained in. Students may inquire of Top Tier Healthcare Training Center for assistance in job searching. Opportunities and contact information for local providers are gladly provided to students. It is the student’s responsibility to apply at their desired employment opportunity. Top Tier Healthcare Training Center LLC makes no guarantees regarding job placement.

Student Conduct Rules

Students will have constitutional rights of free expression or thought or opinion; however, students must understand that rights also bear responsibility. Students will be expected to conduct themselves as professionals in all aspects of their behavior in class, lab, and clinical practice. Any infraction of the Code of Conduct will be reviewed with the student. The student will have the right to defend themselves, recorded in writing. The infraction will be reviewed by Top Tier Healthcare Training Center’s Administration.

Prohibited conduct and grounds for dismissal from the program include:

1. Profane language on School premises, in the classroom or clinical site/area;
2. Breach of Patient Confidentiality or Patient’s Rights; 3. Academic dishonesty up to and including:
 - a. Cheating
 - b. Plagiarism
 - c. Acquisition, without permission, of tests or other academic material. This includes students who aid and abet.
4. Clinical dishonesty up to and including:
 - a. Falsification of patient records;
 - b. Fabrication of patient experiences.
 - c. Failure to report omissions of patient care.
5. Disruptive behavior such as:
 - a. Threatening of physical violence or rude behavior towards School staff, instructors or other students occurring on School premises including classroom, hallways or clinical areas;
 - b. Talking to other students while instructor is teaching;
 - c. Use of cell phone/smart watch during class
6. Blatant disrespect for any/all Top Tier Healthcare Training Center policies.
7. Smoking and chewing tobacco is prohibited on the premise of Top Tier Healthcare Training Center or the clinical site/provider.

The first occurrence results in a verbal warning. The second occurrence results in a written warning. The third occurrence may result in dismissal of the course.

Certain disruptive behaviors will result in termination from the program upon the first occurrence such as:

1. Sexual, ethnic or racial harassment, which is a violation of Federal Civil Rights laws;
2. Attending class under the influence of drugs or alcohol;
3. Threatening speech and/or behavior towards staff, instructor(s) or another student.
4. Cheating during tests.

Top Tier Healthcare Training Center

Hybrid Online Learning Conduct Rules

Some program lectures will be conducted online using selected platforms (i.e. Zoom, Google Meet). Students understand that while they are in lecture online, they are still required to conduct themselves in an appropriate manner regardless of their location. Rules for online lecture include the previously stated student conduct rules. Additionally, students must adhere to the following conduct rules that may be unique to the online learning environment:

- Students are expected to have their own working computer, tablet, or laptop to participate in lectures. Phones are not recommended as they may not allow for full participation in online activities.
- Students are to join online lectures while they are in a quiet and private space. Students should avoid spaces with disruptive backgrounds.
- Students are still expected to attend their lecture on time. Attendance/tardy rules as previously stated will apply.
- Students must join using their full first and last name. This is to assist with attendance.
- Students must have their video on at all times during the lecture and be in full view of the lecture instructor. Students who refuse or whose video does not work will be removed from the online lecture and counted as absent. Failure to have working video will not be accepted as an excusable absence.
- Audio must be in working order throughout lecture. Students should be able to hear lectures and be heard when speaking. Audio failure may result in being removed from class and will be counted as an unexcused absence.
- Be respectful and do not disrupt speakers. Students must mute when not engaging in a discussion or answering questions.
- It is up to students to ensure that they have a working internet connection to allow them to join online lessons. Prolonged loss of connection (more than 5 minutes) or poor connections during lecture will be counted as an unexcused absence.
- Students will be expected to participate in all online activities including using chat features to answer questions. Students who do not participate in online lecture activities may be removed due to poor performance. This lack of participation may be counted as an absence. Students are expected to show up and engage online.
- Despite the online environment students must remain appropriately dressed while online. This means avoiding items such as pajamas and other unprofessional clothing. Scrubs are not required, but students should dress as if they were coming into a professional classroom environment in person.
- Students need to communicate with instructors via chat or other means if they need to step away from the computer for any reason. Students must be aware that breaks should not exceed more than 5 minutes and should not be excessive. If a student is away from the camera and computer for longer than the acceptable break time, they may be removed by lecture host, and counted absent.

Top Tier Healthcare Training Center

Grievance Policy

The instructor will work directly with the student to resolve any issues, concerns or behavioral issues at the time of occurrence or at the end of the class. If the instructor is unable to resolve the issue with the student, then the matter will be forwarded to Top Tier Healthcare Training Center Administration. Student and Instructor may be interviewed, and results will be documented. Any student may appeal a final determination in writing within five (5) business days which will be reviewed by Top Tier Healthcare Training Center LLC designated leadership. Students will be notified in writing of the decision by leadership following a meeting after the appeal has been written.

Any student who wishes to make a complaint can also contact the State of Michigan, Department of Licensing and Regulatory Affairs at <https://www.michigan.gov/lara/0,4601,7-154-61343---,00.html>

Insurance

Top Tier Healthcare Training Center LLC will maintain general liability insurance. This insurance does NOT include Professional Liability for the student and does not cover the student in any way for student health, misconduct, neglect, or failure of completion.

Cell Phones and Other Electronic Devices

Cell phones must be turned off or placed on silent during class and are not to be used during training hours. Cell phone/smart watch usage is prohibited during classroom, lab, or clinical areas at any time.

Dress Code

It is expected that students maintain an appearance of professionalism. The following requirements are mandatory and taken into consideration on evaluations, suspensions, and terminations:

1. Students are to dress modestly at all times during School hours.
 - a. No undergarments visible.
 - b. Skirts/dresses no shorter than mid-thigh.
 - c. During all lab and clinical practice students are to wear scrubs in designated school colors
 - d. Clean shoes with an enclosed heel and toe are required.
2. Hair must be clean, well-groomed and neat. Be fastened to prevent falling in front of shoulders and face and must not hang below the collar during labs and clinicals.
 - a. Facial hair must be kept clean and neatly trimmed.
3. Cosmetics should be worn in moderation.
4. Fingernails are to be kept clean and fingertip length. Light subdued colors may be worn as nail polish.
5. Perfume and aftershave are not permitted due to allergies.
6. Offensive body odor will not be tolerated, and good oral hygiene is mandatory.
7. Jewelry should be kept to a minimum. Most jewelry harbor microorganisms (specifically rings with large stones) and are inappropriate for the clinical area. It may be necessary to remove all jewelry for a specific patient's care. Visible body piercings are not allowed in the clinical area besides earrings that are tight to skin.

Photo/Filming disclaimer:

Please note that photographs and footage may be taken during school events including lectures, lab, and graduation. These may be used by Top Tier Healthcare Training Center LLC for marketing and publicity in our publications, on our website and in social media or in any third-party publication. Students who do not wish to be filmed or captured in photography can fill out a media opt-out form with the office.

Top Tier Healthcare Training Center

Patient Privacy and Confidentiality

The Health Insurance Portability and Accountability Act of 1996, (HIPAA), compliance effective as of April 14, 2003. This law has major implications for health care workers regarding the protection of patient health information and outlines the repercussions for noncompliance with the privacy rules. Students are held to the same standards that govern employees of clinical facilities. Any student who violates this policy is subject to removal from the program without the option of returning to Top Tier Healthcare Training Center . It is possible that civil and criminal penalties may be brought against the student for the misuse of patient personal health information. You are required to sign a statement that you understand the consequences of violating patient privacy and confidentiality.

PUBLIC HEALTH CODE (EXCERPT)

Act 368 of 1978

333.20201 Policy describing rights and responsibilities of patients or residents; adoption; posting and distribution; contents; additional requirements; discharging, harassing, retaliating, or discriminating against patient exercising protected right; exercise of rights by patient's representative; informing patient or resident of policy; designation of person to exercise rights and responsibilities; additional patients' rights; definitions.

Sec. 20201. (1) A health facility or agency that provides services directly to patients or residents and is licensed under this article shall adopt a policy describing the rights and responsibilities of patients or residents admitted to the health facility or agency. Except for a licensed health maintenance organization, which shall comply with chapter 35 of the insurance code of 1956, 1956 PA 218, MCL 500.3501 to 500.3580, the policy shall be posted at a public place in the health facility or agency and shall be provided to each member of the health facility or agency staff. Patients or residents shall be treated in accordance with the policy.

(2) The policy describing the rights and responsibilities of patients or residents required under subsection (1) shall include, as a minimum, all of the following:

(a) A patient or resident shall not be denied appropriate care on the basis of race, religion, color, national origin, sex, age, disability, marital status, sexual preference, or source of payment.

(b) An individual who is or has been a patient or resident is entitled to inspect, or receive for a reasonable fee, a copy of his or her medical record upon request in accordance with the medical records access act, 2004

PA 47, MCL 333.26261 to 333.26271. Except as otherwise permitted or required under the health insurance portability and accountability act of 1996, Public Law 104-191, or regulations promulgated under that act, 45

CFR parts 160 and 164, a third party shall not be given a copy of the patient's or resident's medical record without prior authorization of the patient or resident.

(c) A patient or resident is entitled to confidential treatment of personal and medical records, and may refuse their release to a person outside the health facility or agency except as required because of a transfer to another health care facility, as required by law or third party payment contract, or as permitted or required under the health insurance portability and accountability act of 1996, Public Law 104-191, or regulations promulgated under that act, 45 CFR parts 160 and 164.

(d) A patient or resident is entitled to privacy, to the extent feasible, in treatment and in caring for personal needs with consideration, respect, and full recognition of his or her dignity and individuality.

(e) A patient or resident is entitled to receive adequate and appropriate care, and to receive, from the appropriate individual within the health facility or agency, information about his or her medical condition, proposed course of treatment, and prospects for recovery, in terms that the patient or resident can understand, unless medically contraindicated as documented in the medical record by the attending physician or a physician's assistant to whom the physician has delegated the performance of medical care services.

(f) A patient or resident is entitled to refuse treatment to the extent provided by law and to be informed of the consequences of that refusal. If a refusal of treatment prevents a health facility or agency or its staff from providing appropriate care according to ethical and professional standards, the relationship with the patient or resident may be terminated upon reasonable notice.

(g) A patient or resident is entitled to exercise his or her rights as a patient or resident and as a citizen, and to this end may present grievances or recommend changes in policies and services on behalf of himself or herself or others to the health facility or agency staff, to governmental officials, or to another person of his or her choice within or outside the health facility or agency, free from restraint, interference, coercion, discrimination, or reprisal. A patient or resident is entitled to information about the health facility's or agency's policies and procedures for initiation, review, and resolution of patient or resident complaints.

(h) A patient or resident is entitled to information concerning an experimental procedure proposed as a part of his or her care and has the right to refuse to participate in the experimental procedure without jeopardizing his or her continuing care.

(i) A patient or resident is entitled to receive and examine an explanation of his or her bill regardless of the source of payment and to receive, upon request, information relating to financial assistance available through the health facility or agency.

(j) A patient or resident is entitled to know who is responsible for and who is providing his or her direct care, is entitled to receive information concerning his or her continuing health needs and alternatives for meeting those needs, and to be involved in his or her discharge planning, if appropriate.

(k) A patient or resident is entitled to associate and have private communications and consultations with his or her physician or a physician's assistant to whom the physician has delegated the performance of medical care services, attorney, or any other person of his or her choice and to send and receive personal mail unopened on the same day it is received at the health facility or agency, unless medically contraindicated as documented in the medical record by the attending physician or a physician's assistant to whom the physician has delegated the performance of medical care services. A patient's or resident's civil and religious liberties, including the right to independent personal decisions and the right

Top Tier Healthcare Training Center

to knowledge of available choices, shall not be infringed and the health facility or agency shall encourage and assist in the fullest possible exercise of these rights. A patient or resident may meet with, and participate in, the activities of social, religious, and community groups at his or her discretion, unless medically contraindicated as documented in the medical record by the attending physician or a physician's assistant to whom the physician has delegated the performance of medical care services.

(l) A patient or resident is entitled to be free from mental and physical abuse and from physical and chemical restraints, except those restraints authorized in writing by the attending physician or a physician's assistant to whom the physician has delegated the performance of medical care services for a specified and limited time or as are necessitated by an emergency to protect the patient or resident from injury to self or others, in which case the restraint may only be applied by a qualified professional who shall set forth in writing the circumstances requiring the use of restraints and who shall promptly report the action to the attending physician or physician's assistant. In case of a chemical restraint, a physician shall be consulted within 24 hours after the commencement of the chemical restraint.

(m) A patient or resident is entitled to be free from performing services for the health facility or agency that are not included for therapeutic purposes in the plan of care.

(n) A patient or resident is entitled to information about the health facility or agency rules and regulations affecting patient or resident care and conduct.

(o) A patient or resident is entitled to adequate and appropriate pain and symptom management as a basic and essential element of his or her medical treatment.

(3) The following additional requirements for the policy described in subsection (2) apply to licensees under parts 213 and 217:

(a) The policy shall be provided to each nursing home patient or home for the aged resident upon admission, and the staff of the facility shall be trained and involved in the implementation of the policy.

(b) Each nursing home patient may associate and communicate privately with persons of his or her choice.

Reasonable, regular visiting hours, which shall be not less than 8 hours per day, and which shall take into consideration the special circumstances of each visitor, shall be established for patients to receive visitors. A patient may be visited by the patient's attorney or by representatives of the departments named in section

20156, during other than established visiting hours. Reasonable privacy shall be afforded for visitation of a patient who shares a room with another patient. Each patient shall have reasonable access to a telephone. A married nursing home patient or home for the aged resident is entitled to meet privately with his or her spouse in a room that assures privacy. If both spouses are residents in the same facility, they are entitled to share a room unless medically contraindicated and documented in the medical record by the attending physician or a physician's assistant to whom the physician has delegated the performance of medical care services.

(c) A nursing home patient or home for the aged resident is entitled to retain and use personal clothing and possessions as space permits, unless to do so would infringe upon the rights of other patients or residents, or unless medically contraindicated as documented in the medical record by the attending physician or a physician's assistant to whom the physician has delegated the performance of medical care services. Each nursing home patient or home for the aged resident shall be provided with reasonable space. At the request of a patient, a nursing home shall provide for the safekeeping of personal effects, funds, and other property of a patient in accordance with section 21767, except that a nursing home is not required to provide for the safekeeping of a property that would impose an unreasonable burden on the nursing home.

(d) A nursing home patient or home for the aged resident is entitled to the opportunity to participate in the planning of his or her medical treatment. The attending physician or a physician's assistant to whom the physician has delegated the performance of medical care services shall fully inform the nursing home patient of the patient's medical condition unless medically contraindicated as documented in the medical record by a physician or a physician's assistant to whom the physician has delegated the performance of medical care services. Each nursing home patient shall be afforded the opportunity to discharge himself or herself from the nursing home.

(e) A home for the aged resident may be transferred or discharged only for medical reasons, for his or her welfare or that of other residents, or for nonpayment of his or her stay, except as provided by title XVIII or title XIX. A nursing home patient may be transferred or discharged only as provided in sections 21773 to

21777. A nursing home patient or home for the aged resident is entitled to be given reasonable advance notice to ensure orderly transfer or discharge. Those actions shall be documented in the medical record.

(f) A nursing home patient or home for the aged resident is entitled to be fully informed before or at the time of admission and during stay of services available in the facility, and of the related charges including any charges for services not covered under title XVIII, or not covered by the facility's basic per diem rate. The statement of services provided by the facility shall be in writing and shall include those required to be offered on an as-needed basis.

(g) A nursing home patient or home for the aged resident is entitled to manage his or her own financial affairs, or to have at least a quarterly accounting of personal financial transactions undertaken in his or her behalf by the facility during a period of time the patient or resident has delegated those responsibilities to the facility. In addition, a patient or resident is entitled to receive each month from the facility an itemized statement setting forth the services paid for by or on behalf of the patient and the services rendered by the facility. The admission of a patient to a nursing home does not confer on the nursing home or its owner, administrator, employees, or representatives the authority to manage, use, or dispose of a patient's property.

(h) A nursing home patient or a person authorized by the patient in writing may inspect and copy the patient's personal and medical records. The records shall be made available for inspection and copying by the nursing home within a reasonable time, not exceeding 1 week, after the receipt of a written request.

(i) If a nursing home patient desires treatment by a licensed member of the healing arts, the treatment shall be made available unless it is medically contraindicated, and the medical contraindication is justified in the patient's medical record by the attending physician or a physician's assistant to whom the physician has delegated the performance of medical care services.

(j) A nursing home patient has the right to have his or her parents, if a minor, or his or her spouse, next of kin, or patient's representative, if an adult, stay at the facility 24 hours a day if the patient is considered terminally ill by the physician responsible for the patient's care or a physician's assistant to whom the physician has delegated the performance of medical care services.

(k) Each nursing home patient shall be provided with meals that meet the recommended dietary allowances for that patient's age and sex and that may be modified according to special dietary needs or ability to chew.

(l) Each nursing home patient has the right to receive representatives of approved organizations as provided in section 21763.

(4) A nursing home, its owner, administrator, employee, or representative shall not discharge, harass, or retaliate or discriminate against a patient because the patient has exercised a right protected under this section.

(5) In the case of a nursing home patient, the rights enumerated in subsection (2) (c), (g), and (k) and subsection (3) (d), (g), and (h) may be exercised by the patient's representative.

(6) A nursing home patient or home for the aged resident is entitled to be fully informed, as evidenced by the patient's or resident's written acknowledgment, before or at the time of admission and during stay, of the policy required by this section. The policy shall provide that if a patient or resident is adjudicated incompetent and not restored to legal capacity, the rights and responsibilities set forth in this section shall be exercised by a person designated by the patient or resident. The health facility or agency shall provide proper forms for the patient or resident to provide for the designation of this person at the time of admission.

(7) This section does not prohibit a health facility or agency from establishing and recognizing additional patients' rights.

(8) As used in this section:

(a) "Patient's representative" means that term as defined in section 21703.

(b) "Title XVIII" means title XVIII of the social security act, 42 USC 1395 to 1395kkk-1.

(c) "Title XIX" means title XIX of the social security act, 42 USC 1396 to 1396w-5.

PUBLIC HEALTH CODE (EXCERPT)

Act 368 of 1978

333.21771 Abusing, mistreating, or neglecting patient; reports; investigation; retaliation prohibited; exception to report requirement; time frame for reporting.

Sec. 21771. (1) A licensee, nursing home administrator, or employee of a nursing home shall not physically, mentally, or emotionally abuse, mistreat, or harmfully neglect a patient.

(2) A nursing home employee who has reasonable suspicion of an act prohibited by this section shall report the suspicion to the nursing home administrator or nursing director and to the department in the manner required by subsection (8). A nursing home administrator or nursing director who has reasonable suspicion of an act prohibited by this section shall report the suspicion by telephone to the department and 1 or more law enforcement entities in the manner required by subsection (8).

(3) Any individual may report a violation of this section to the department.

(4) A physician or other licensed health care personnel of a hospital or other health care facility to which a patient is transferred who has reasonable suspicion of an act prohibited by this section shall report the suspicion to the department and 1 or more law enforcement entities in the manner required by subsection (8).

(5) Upon receipt of a report made under this section, the department shall make an investigation. The department may require the individual making the report to submit a written report or to supply additional information, or both.

(6) A nursing home employee, licensee, or nursing home administrator shall not evict, harass, dismiss, or retaliate against a patient, a patient's representative, or an employee who makes a report under this section.

(7) An individual required to report an act or a reasonable suspicion under subsections (2) to (4) is not required to report the act or suspicion to the department or 1 or more local law enforcement entities if the individual knows that another individual has already reported the act or suspicion as required by this section.

(8) An individual required to report a reasonable suspicion of an act prohibited by this section shall report the suspicion as follows:

(a) If the act that causes the suspicion results in serious bodily injury to the patient, the individual shall report the suspicion immediately, but not more than 2 hours after forming the suspicion.

(b) If the act that causes the suspicion does not result in serious bodily injury to the patient, the individual shall report the suspicion not more than 24 hours after forming the suspicion.

History: Add. 1978, Act 493, Eff. Mar. 30, 1979; $\frac{3}{4}$ Am. 2012, Act 174, Imd. Eff. June 19, 2012.

Top Tier Healthcare Training Center

Program Objectives

The overall objective of this Nurse Aide Training Program is the provision of quality services to residents/patients in healthcare facilities by nurse aides who are able to:

1. Form a relationship, communicate and interact competently on a one-to-one basis with the residents.
2. Demonstrate sensitivity to residents' emotional, social, and mental health needs through skillfully directed interactions.
3. Assist residents in attaining and maintaining functional independence.
4. Exhibit behavior in support and promotion of residents' rights.
5. Demonstrate observational and documentation skills needed in the assessment of resident's health, physical condition and well-being.

Student Objectives

Student will demonstrate competency in the following skills: 1.

Hand washing, Using Protective Clothing & additional PPE

2. First Aid for Choking (Airway Obstruction),
3. Controlling Bleeding, Burns, Falls/Seizure and Unconscious, Sudden Illness or Injury (LECTURE)
4. Using an Electronic Thermometer
5. Taking and Recording a Person's Auxiliary Temperature
6. Taking a Person's Rectal Temperature (LECTURE)
7. Taking and Recording a Person's Oral Temperature
8. Reading, Cleaning and Handling Thermometer
9. Counting and Recording a Person's Pulse
10. Counting and Recording a Person's Respirations
11. Taking and Recording a Person's Blood Pressure
12. Moving a Person Around in Bed
13. Positioning a Person in a Supine Position
14. Positioning a Person in a Fowler's Position
15. Positioning a Person in a Modified Side-Lying Position
16. Positioning a person in a Prone Position (LECTURE)
17. Transferring a Person from the Bed to the Chair
18. Repositioning a Person in a Chair (Two Nurse Aides)
19. Using a Mechanical Lift to Transfer a Person from the Bed to a Chair (Two Nurse Aides) (LECTURE)
20. Turning a Person Using a Log-Rolling Technique
21. Making an Unoccupied Bed
22. Making an Occupied Bed
23. Brushing & Flossing a Person's Teeth
24. Providing Denture Care
25. Providing Mouth Care for an Unconscious Person
26. Shampooing, Brushing & Combing a Person's Hair
27. Helping a Man Shave with an Electric Razor and/or Safety Razor
28. Cleaning a Person's Fingernails
29. Providing Foot Care & Cleaning a Person's Toenails
30. Assisting a Person to Undress
31. Assisting a Person Dress
32. Assisting a Person with Bathing in a Tub, Shower, Bed Bath, Skin Care Inspection
33. Measuring a Person's Height and Weight 34. Assist with Feeding

Top Tier Healthcare Training Center

35. Measuring & Recording Intake & Output
36. Assisting a Person with Toileting
37. Assisting a Person Use a Bedpan or Urinal
38. Providing Perineal Care for a Person (male/female) with or without a Urinary Catheter
39. Assisting with Catheter Care
40. Changing an Ostomy Appliance (Lecture)
41. Emptying a Urinary Drainage Bag
42. Collecting Urine Specimens (Lecture)
43. Collecting Stool Specimens (Lecture)
44. Assist with ambulation with out without assistive device (Walker, Cane, Wheelchair)
45. Assisting a Person with Passive ROM Exercises
46. Postmortem Care (Simulated)

YOUR OPINION MATTERS

Top Tier Healthcare Training Center LLC would like to thank each student for their involvement in this program. Instructor and Program evaluations will be provided to each student at the completion of the program. Please be as honest as possible because your opinion matters. We strive to continuously improve our programs and student learning environment.
